## BOUGHT STAMPS?

Red Cross Agents Are Ready to Supply You.

SALE OPENS IN THIS CITY

Total of 198,000 in Departments and Private Business Houses.

AID TO WAR ON TUBERCULOSIS

Volunteer Workers Join Hands With National Society to Benefit Suffering Humanity.

With the opening of many of Washington's business establishments this morning customers and others found the temporary addition of a booth, counter, stand or desk at which Red Cross Christmas stamps were offered. The sale is to continue for one month and the proceeds are to be devoted to furthering the society's fight against the "white plague." The total number of stamps on sale was stated to be 198,000.

Simultaneously with the beginning of operations in this city sales were begun in other cities in various parts of the country under the general supervision of the society's national officers. The demand for stamps, according to the officers, has been so great that they have been compelled to largely increase orders to the printer. The aggregate now amounts to 50,000,000. Of that number 35,000,000 have already been distributed.

**War on Tuberculosis.**

Eighty per cent of the proceeds of the sales will be distributed among the several state and other agencies making a fight against tuberculosis, and 20 per cent will be paid into the Red Cross treasury as a fund from which the expenses incident to special work may be met.

The Washington sale is under the direction of Mrs. T. N. McLaughlin, assistant secretary of the District chapter, Mrs. Boardman and Mrs. Bayly, with a large number of assistants. The District chapter agreed to conduct the sale of 500,000 stamps, or \$5,000 worth, and if this amount is not sufficient it will be added to from time to time. In addition to supplying the city with the stamps, the District chapter has also undertaken to place on sale stamps on different battleships and armed cruisers of the North Atlantic fleet. It is expected that not less than 25,000 stamps will be sold on these naval vessels in the course of a month.

**Where Stamps May Be Bought.**

The chief points of the sale in Washington are in the House of Representatives, the United States Senate, the post office, the Library of Congress, the Y. M. C. A. and the four newspaper offices. In addition, there are stands at Woodward & Lothrop's store, the Kamm store and the American Security and Trust Company, each of which will be a large purchasing point. The following members of the District chapter have charge of the sales in the more prominent places: Miss Sallie Schroeder and an assistant in the Woodward & Lothrop store; Miss Kaufman and an assistant at the store of S. Kamm, Sons & Co.; Mrs. Archibald Hopkins and Mrs. Frederick Keep at the American Security and Trust Company building; and Mrs. M. M. North, Miss McLaughlin and Miss Mabel Church at the post office. The stamps are being made also by employees in other business establishments and government buildings.

During the day several hundred large posters advertising the stamps were placed in different parts of the city, and a number of cards describing the sale and the purposes for which it is being held were also distributed about the public buildings and placed in store windows.

This morning arrangements were completed with managers of eight downtown moving picture theatres, along Pennsylvania avenue to display at each performance a slide containing a photograph of the stamp and telling the purpose of the sale. From time to time until Christmas, it is stated, other forms of advertising will be resorted to.

The list of places where the stamps are on sale in Washington follows: The Young Woman's Christian Association, Palais Royal, D. J. Kaufman's, Goldenberg's, Hahn's, Lansburgh's, Hahn's (three stores), Riggs National Bank, New Willard Hotel, newsstand at the Navy Department, Higgs House, Brentano's, McPhee's, Cooper newsstand, Magruder's grocery store, Ballantyne's stationery store, Lerch's and Resen's drug store, Capenhurst's, Terpe drug store, Jennings' drug store, Ogram's, the Arlington Hotel, King's pharmacy, the insurance companies, Portman's pharmacy, Dupont pharmacy, Beall's drug store, Ridgeway's drug store, the Albany drug store, Y. W. C. A. cafeteria, O'Donnell's and the Cooke flower store.

**Naval Vessels Supplied.**

This morning 21,000 stamps were forwarded to the post offices on the following naval vessels of the North Atlantic fleet: The Nebraska, Connecticut, Hancock, Minnesota, Franklin, Kansas, Lancaster, Louisiana, Vermont, Idaho, Georgia, Virginia, Illinois, and Wisconsin. Before stamps could be placed on these vessels it was necessary for the local chapter's officers to obtain the consent of the Navy Department, the Treasury Department and the Post Office Department, which was granted without delay.

By a visit to a number of the places where the stamps are on sale it was learned that purchases are being made rapidly, and the day predicted the first day's receipts would be large.

**Thousand Dollars for Armenia.**

The American National Red Cross, with headquarters in this city, has sent \$1,000, contributed by the New York branch, for the relief of destitute widows and orphans in Armenia. This action was taken upon representations made by the United States ambassador at Constantinople, Mr. Straus, who stated that there were 4,000 widows and orphans at or near Adana, made destitute by the massacres which took place there some months ago.

Up to this time the Red Cross has sent \$14,723 to the widows and orphans of the Cherry mine disaster in Illinois, \$13,000 of which amount was contributed through the Chicago Tribune.

Since the disaster the Red Cross has learned that the insurance companies having risks on the lives of the miners have paid over to the beneficiaries about \$70,000, which makes the total paid to the widows and orphans at Cherry mine nearly \$85,000.

Men employed in all capacities in the mines of Raleigh county, W. Va., have formed an organization for the purpose of education. Two meetings will be held each month, and once a month illustrated lectures by mining experts will be given. Although the condition of Maj. E. F. Morgan, superintendent of the state penitentiary at Richmond, Va., is improved, his illness is such as to cause uneasiness on the part of his friends.
